# PROTANDIM®

*Nrf2 Synergizer™*

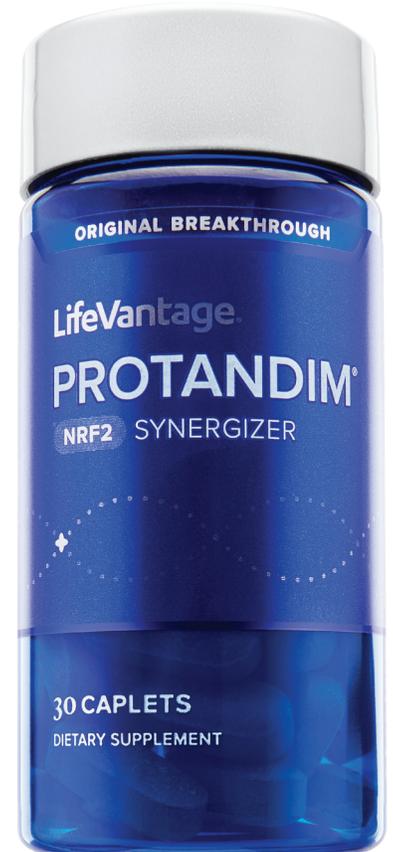

## Aging's Secret *Unlocked*

We're constantly bombarded by dangerous free radicals and rogue molecules that attack healthy cells, leading to cellular damage. This assault leads to disruption or failure in the function of individual cells or groups of cells. And there is a cumulative effect that accelerates the aging process and contributes to a wide range of adverse health conditions.

With Protandim, we used nutrigenomics to activate the Nrf2 pathway. This pathway is a series of natural chemical reactions that work like a well-oiled machine when you're younger but wears down over time. By stimulating the pathway, Protandim helps your body produce its own powerful antioxidants, (Superoxide dismutase, Heme-oxygenase, Glutathione peroxidase, and Catalase) repair and rejuvenate its own cells, and detoxify your genes. In other words, your cells are the building blocks of life. Nrf2 Synergizer keeps them healthy and strong from the inside out.

COMPOSED OF SYNERGIZED, NATURAL PLANT EXTRACTS, PROTANDIM NRF2 SYNERGIZER IS SCIENTIFICALLY PROVEN TO REDUCE OXIDATIVE STRESS BY AN AVERAGE OF 40% IN JUST 30 DAYS
